DARIAH and the EOSC: Marketplace

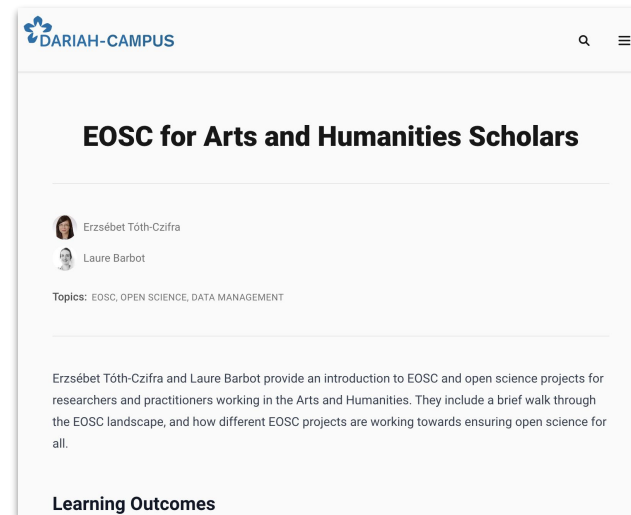

<https://marketplace.sshopencloud.eu/>

The SSH Open Marketplace is maintained and will be further developed by three European Research Infrastructures - DARIAH, CLARIN and CESSDA - and their national partners. It was developed as part of the "Social Sciences and Humanities Open Cloud" SSHOC project, European Union's Horizon 2020 project call H2020-INFRAEOSC-04-2018, grant agreement #823782.

EOSC-A Task Force, Upskilling Countries

The screenshot shows a webpage from DARIAH-CAMPUS. At the top left is the DARIAH-CAMPUS logo, and at the top right are search and menu icons. The main heading is "EOSC for Arts and Humanities Scholars". Below the heading are two author profiles: Erzsébet Tóth-Czifra and Laure Barbot. Underneath the authors, the "Topics" are listed as "EOSC, OPEN SCIENCE, DATA MANAGEMENT". The main text of the article provides an introduction to EOSC and open science projects for researchers and practitioners in the Arts and Humanities, mentioning a brief walk through the EOSC landscape and how different EOSC projects work towards ensuring open science for all. At the bottom of the article, there is a section titled "Learning Outcomes".

Tailored Material, DARIAH Campus

DARIAH and the EOSC: Working Groups

The manner in which we support our researcher community with enhanced infrastructural provision is intrinsically entwined with our participation in the development of the EOSC, and strategically central to the achievement of our organisational mission.
