National Data Infrastructure (NDI)

- e-Infra
- **NTK**
- **NRP - National Repository Platform**

Research institutions, researchers and other professionals of the Czech R&D&I

Metadata support

- **Dedicated department within NTK**
- Consultation point for the R&D&I community
- Funded from CARDS project

The aim: **increase interoperability between data repositories**, facilitate the transfer of metadata to the National Metadata Directory (EOSC-CZ project)

- **Basic metadata model for research data description**
 (definition, modification, implementation in National Metadata Directory), metadata workflow settings and metadata models for subject clusters
- **National Repository Catalogue** - Operational information on repositories, their parameters and tools, technical capabilities and access policies of metadata exchange.
